

Press Release

A TEC Group under new management

Starting April 1, 2018 Dr. Stefan Kern will lead the A TEC Group. Wolfgang Hammer will hand over the management tasks completely to his former deputy.

Stefan Kern started at A TEC in August 2013 and was responsible for sales activities in Northern Europe, Eastern Europe and South Africa. In 2016 Dr. Kern, who studied chemical engineering in Vienna, joined the management board. Together with Wolfgang Hammer he has led the company until he takes over the management tasks completely from now on.

About the A TEC Group

A TEC Production & Service GmbH is an engineering and technologies company located in Austria. It is focussed on **optimization and efficiency improvement of cement plants**. In total, A TEC has successfully completed more than 450 cement plant optimization projects.

Part of modern cement plant operation is the usage of **alternative fuels**. A TEC can offer the complete AF system for nearly any kind of solid and liquid waste materials including material handling, preparation, storage and feeding into the kiln.

Besides A TEC's core business of cement plant optimization, A TEC provides **consultancy and overall project management and supervision** for Greenfield and Brownfield projects (e.g. *EPCM*), including assistance in tendering process and assistance with environmental and other local norms and standards.

FACTBOX
